

## SCOUT FIELD MEET TO BE HELD WEDNESDAY

Open to All Registered Scouts of Harding Area

The Boy Scouts of the Harding Area will hold their first annual field meet Wednesday, at Camp John A. Owens, south of Marion.

The meet is open to all scouts who have registration certificates. New troops will compete with new troops only and the same rules will govern the old troops. Individual prizes will be awarded to the winning scouts in each event.

The following events will make up the field meet:

Tent pitching, swimming, first aid, knots, judging distance, signaling, scout pace, and string burning. The tourney will end with a baseball game of five innings.

The meet will start at 3 o'clock Wednesday afternoon.

To wear a flower in the buttonhole becomingly, one's clothes must be immaculate.

## RUPTURE EXPERT HERE

The Seeley Co's expert, of Chicago, will personally treat the Harding Hotel and will remain in Marion Thursday only June 9. Mr. Seeley says:

"The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—employing instantaneous effects immediately appreciable and without any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or incisions."

**CAUTION**—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. Our expert will be glad to demonstrate without charge or fee if you desire. Business demands prevent stopping at any other place in this section.

"Scrap" in China Getting to What Looks Like "Knock-out Round"

By CHARLES P. STEWART

WASHINGTON, June 6.—While we've been so preoccupied with

There's some danger of escalation

## PAMPHLETS ON BENEFITS OF CAMP ISSUED BY "Y"

First Period for Cadets To Start June 20; Leaders Are Chosen

With the opening day of the annual Y. M. C. A. camp at Camp Robert E. Hephurn, only two weeks away, small pamphlets, giving a history of the camp and telling of its benefits, have been issued by the "Y."

The first camping period, open to Y. M. C. A. cadets, which includes boys from 12 to 16 years of age, will be held June 20—July 5. Five other periods will follow in succession for Y. M. C. A. prep, Marion girls and Hi-Y boys.

Two two-week periods will be devoted to the prep, two 10-day periods to the girls, and one two-week outing will be held for Hi-Y youths.

Donald M. Burson, boys' work secretary, will be camp director, Jack Uhlery of Ohio State will act as physical director, Edward K. Uhlery of this city is camp chairman, and John J. Stafford will act as boys' work chairman.

Miss Rachel McAfee will head the physical program while the girls are in camp. She has planned a water pageant, which will include everyone in camp.

Sunday will be visitors day. On this day, parents, relatives and friends are cordially invited to visit the camp.

The camp pamphlet issued today gives a sample program of the daily program and routine at the camp. It is as follows: 6:30, reveille; 6:35, exercise and dip; 7 o'clock, air bedding; 7:15, flag raising; 7:30, breakfast; 8:00, camp cleanup; 8:45, Bible study; 9:15, pow-wow; 9:45, instruction and games; 11:00, beginners' swim; 11:30, morning swim; 12:15, dinner; 12:45, store open-air; 1:00, inspection; 1:15, rest period; 2:00, athletics, baseball, volleyball, boxing and basketball; 4:00, afternoon swim; 5:15, retreat, lower colors; 6:00, supper; 6:30, bathing, fishing, etc.; 8:00, singing, songs, skits and stories; 9:00, devotions; 9:30, taps.

among bystanders, too.

Anyways, it's been hinted to the foreign diplomats in Peking that they'd be safer at Tientsin, nearer the water, where there are ships handy to rescue them, if things get too hot ashore.

It's pointed out that Peking, 100 miles inland, is no nice place to be cooped up in, in the midst of a big fight.

THE diplomats, a belligerent crew, including American Minister MacMurray, are for sticking right where they are, if their governments will send them some reinforcements of marines, to put up a fight of their own unless the Chinese manage their battle so's to give 'em a wide berth.

As the state department sees it, this may be sound policy for powers like Britain, Japan and others which have large garrisons in China to defend.

The United States, having done no grabbing, it's felt, is in rather a different boat.

The department admires Minister MacMurray's nerve, but isn't so sure about his judgment, and frankly looks with considerable favor on Tientsin.

THE Washington theory is that what the other diplomats decide will depend a good deal on what MacMurray's instructed to do.

That is to say, if America will back 'em all up, no doubt's entertained that the rest will stand behind MacMurray to the last man. On the other hand, if MacMurray gets orders to play safe, the best guess is that he'll have plenty of company.

To put it mildly, Washington's very suspicious of an international disposition to make this country the "goat" in China, if we'll stand for it.

It's foreseen that warfare will be far more like the real thing around Peking than it was at places like Hankow, Nanking and Shanghai, and it wasn't altogether the sham article even in those localities.

Shanghai, Nanking and Hankow, however, it's to be remembered, are strong along a line extending, in general, east and west through the center of the country, as the Mason and Dixon line is drawn through the center of this country.

The northern forces, being beaten by the southern revolutionists, had ample room to fall back.

At Peking they'll be fighting with their rear to the wall.

CHANG TSO-LIN, the old ex-bandit who commands the northern army, either wins now or he's done for, so far as China proper's concerned.

Renton, he may succeed in getting back into Manchuria—though he won't let his head on, if the southern under Chiang Kai-shek, catch him—but, at best, he'll have lost so much "face" that he never can be much of a "war lord" again.

No Chang, who'll be on the job in person, and no merely represented by a bunch of weak-kneed generals, can fairly be expected to scrap like sixty.

By the time hostilities are ended, no matter how they turn out, Peking's apt to be a badly muddled-up city.

Even a diplomat may be stepped on in the confusion.

## AERIALISTS WITH HAGENBECK-WALLACE CIRCUS

Premier aerialists of the circus world, the Ward-Kimball Troupe are one of the outstanding feature attractions of the Hagenbeck-Wallace Circus, which is coming here for afternoon and night performance.

aces on Monday, June 13. These noted flyers have just returned from abroad where they met with wonderful success.

The women participate in many sensational feats, which have made the name Ward-Kimball famous. Double and triple somersaults are executed by the girls, as well as the men. An added novelty is that many of the catches are made by a woman, which is most unusual, as

practically all the catches are made by men. Many other big acts will be found on the Hagenbeck-Wallace program, chief among them being the Orrin Davenport Family of Equestrians. The Davenports were slated for a European tour this summer, but an increased salary retained them as a Hagenbeck feature. The Davenport Troupe has a trio of women riders without an equal, while Orrin Davenport is said to be the funniest riding clown before the public.

## WASHING HINTS Rinsing Clothes

It is important to give your clothes their first rinse in water as near the temperature of the wash water as possible. Thus white clothes which are washed in hot water, properly should have their first rinse in hot water. There is, scientific reason for this. When soap and the wash water come in contact with the grease and dirt in the clothes, both soap and dirt are changed chemically into a sort of emulsion which is easily carried out by hot water but which coagulates and hardens in cold water.

After the soap is completely dissolved by the first rinse, the clothes may be rinsed in cold, to take the grease from the lastful. The number of rinses should be governed by how hard or easy it is to get all the soap out of the clothes. For white clothes the following procedure is recommended: At least one hot rinse. Then one lukewarm rinse. Finally one rinsing or cold rinse.

Those fortunate persons who own an EASY Washer never wonder how to rinse clothes. A needed rinse, for with the EASY it is so simple or all so simple the clothes. The EASY'S drying tub contains the wash and rinse water quickly and efficiently, doing away with all wringing and excessive handling. Clothes come from the EASY'S drying tub ready for the line, in the case of dress gowns, ready for the ironing.

A dozen friends and relatives were  
with Mrs. Levine this morning when  
Samuel I. Hartman, attorney for Le-  
vine, answered one of a succession of  
telephone calls.  
Mrs. Levine jumped to her feet and  
stood beside Hartman. She had been  
almost frantic with anxiety as at that  
time the fliers were long overdue at  
Berlin.

“They’ve landed at Eisleben, Ger-

Mrs. Levine threw her arms around  
Judge Algoni I. Nova, a relative  
who held her to prevent her from  
falling.

My thought is to thank God for His  
guidance. I am so proud!”

Mrs. Levine said that unless instruc-

HERE'S MORE ABOUT  
FLIGHT NOTES  
STARTS ON PAGE 1

“It was after 5 o'clock in the morn-  
ing when I was awakened by a thud  
near my home,” said Dietrich. “I got  
up and looked about me to see what had  
caused the noise outside.  
“There in the clover field, almost  
buried, I saw the great airplane, and  
I ran out to it.  
“As soon as they saw me coming,  
Chamberlin ran towards me, but he  
couldn’t speak German. He was al-  
most crying and he shouted ‘nix bag-  
age,’ which I suppose he intended to indicate  
that his load was gone. I guessed his  
trouble and I asked ‘Benzin-benzol,’  
He understood and he answered, ‘Yes, yes,  
benzol.’  
“I hurried away and got my bicycle  
and rushed into the village and told  
them to rush gasoline out, that the  
great American plane had come down  
in the clover field and needed benzol.  
They brought 100 litres of benzol and  
as soon as it was in the tanks, we  
helped to wheel the plane out to an  
even place and they took off for Ber-  
lin again.”

Berlin, June 6—“Haven’t you  
got a bigger one?” shouted the  
crowd when an American flag was  
run up over the field early today  
in preparation of the landing of  
Clarence D. Chamberlin in the  
Columbia. The flag that was  
raised was rather a small one  
which caused the crowd to shout  
its query. Later a larger flag  
was run up amid cheers.

New York, June 6—Mrs. Wilda  
Chamberlin, wife of Clarence D.  
Chamberlin, successful New York-  
Germany flier, will be presented with  
a check for \$5,000 at Brooklyn  
Borough Hall this afternoon by Ralph  
Jonas, president of the Brooklyn  
Chamber of Commerce. At the same  
time Mrs. Grace Levine, wife of  
Charles Levine, Chamberlin’s com-  
panion and backer, will receive a memento  
of the event.  
Jonas has an added sentimental  
feeling for Chamberlin. Grace, young  
daughter of Jonas, was a passenger  
in the Columbia plane recently when  
Chamberlin brought the machine safe-  
ly to earth although the landing gear  
had been seriously damaged in the  
take-off. Eloise Levine, daughter of  
Charles Levine, also was a passenger  
on this trip.

## MARION LEGIONNAIRES AT MARYSVILLE MEET

Nine Members of Local Post  
Attend Central District  
Conference

Nine members of Bird-McGinnis Post,  
No. 162, American Legion, were in  
Marysville Sunday where they attended  
the Central District Conference of the  
state legion. The conference meeting  
was preceded by a visit to a park re-  
cently purchased by the legion of that  
city and which will be presented to the  
city after improvements now in the  
course of construction are completed.  
The visitors were also taken on a  
tour of inspection of the women’s re-  
formatory. Following a dinner at  
which 125 were served the conference  
opened with Major G. V. Paschall, for-  
merly of this city in charge. Major  
Paschall, who now lives in Columbus,  
is district chairman.

In talks made by Herbert R. Monney,  
of Woodfield, department commander,  
by J. J. Salsky, department adjutant,  
and by W. Dupuy, in charge of state  
service, it was urged that all ex-soldiers  
take out government insurance before  
July 2, the closing date filed by the  
government.

Plans for the state conference to be  
held in Canton next month and for the  
international meeting to be held in  
Paris in September, were discussed at  
the conference. It was announced that  
700 of the quota of 1,155 assigned to  
attending the Paris meeting.

## START RELIEF CAMPAIGN IN KENTUCKY DISASTER

Seek Quarter Million for Work  
in Mountain Counties;  
Conditions Serious

Lexington, Ky., June 6—The Red  
Cross today began a campaign for  
\$250,000 to aid the flood sufferers in  
eastern Kentucky. The American Red  
Cross headquarters opened the sub-  
scription with a check for \$10,000.

With deaths totalling nearly a hun-  
dred, 25,000 miners out of work and  
property losses estimated at \$25,000,  
1000 workers today were continuing to  
leave Lexington and Ashland for the  
districts which have been isolated for  
a week since a cloudburst made the  
headwaters of the Big Sandy and Ken-  
ucky Rivers raging mountain tor-  
rents.

From Jackson, Breathitt County, it  
was reported that 4,500 persons were  
being fed at Hazard and in Breathitt,  
Perry and Letcher Counties.

Red Cross organizations have es-  
tablished also at Whitesburg and Way-  
land in the valley of the Big Sandy,  
and at Morehead where Maguffin, 72-  
Holt and Morgan County sufferers are  
being cared for.

Red Cross nurses are being directed  
from here by Miss Katherine Favaille.

GIRL’S BODY FOUND

Victim, in Bathing Suit and Shoes, Had  
Been Choked

Amesbury, Mass., June 6—A woman  
walking on the sands of Salisbury Beach  
today discovered the body of a girl,  
dead in bathing suit and shoes and  
with marks on her neck following an  
had been choked.

course and lack of fuel forced him to  
make a landing 110 miles from Berlin.  
The distance covered from New York  
to Eisleben was approximately 4,000  
miles, made by Capt. Charles A. Lind-  
bergh in his historic flight from New  
York to Paris. The elapsed time was  
32 hours and 44 minutes.

Having refused Chamberlin took off  
at 9:35 o'clock from Eisleben to  
continue his flight to his goal he  
suffered popper trouble and was  
forced to make another emergency  
landing.

Cottbus, where Chamberlin made his  
second forced landing, is in Silesia and  
is a town of considerable size.

Chamberlin flew his Bellanca from  
New York up the New England coast  
on Friday, then up through Nova Sco-  
tia and across Newfoundland finally  
getting out to sea along the coast fol-  
lowed by Lindbergh not many days  
ago. He was sighted yesterday after-  
noon by the liner Mauretania, and cir-  
cled around the ship in mid-Atlantic,  
flying low, before resuming his journey.

Picking up the southern coast of  
England, Chamberlin pointed the  
Columbia up the English channel and  
finally turned inland toward Berlin.  
He was plainly sighted at Dortmund.

AIR CELEBRANT  
FLIES INTO HOUSE

He Kans, June 6—In celebrat-  
ing the safe arrival in Germany of  
Clarence D. Chamberlin, C. E.  
Harber, veteran aviator of this  
city today crashed into a house.  
Harber and a passenger escaped un-  
injured.

where he again flew very low and ob-  
servers stated that the flier leaned from  
the plane shouting a question about the  
direction to Berlin.

This the observers signalled to him;  
they said, and Chamberlin sped away  
in the direction they indicated. At  
this time the fog settled, however, and  
no more word was received for hours.  
Through the heavy atmosphere Cham-  
berlin flew on and on, judging his di-  
rection as best he could without being  
able to sight any landmarks.

As his gas supply grew lower and  
lower, he flew down close to the ground,  
and finally located Eisleben, where  
he landed just as his gasoline gave out  
completely.

The residents of the town, famous as  
the birthplace of Martin Luther,  
crowded about him in astonishment,  
and their amazement was almost with-  
out bounds when Chamberlin leaped  
from his plane and asked how far he  
was from Berlin, adding casually that  
he had just arrived from New York.

Chamberlin was taking a circuitous  
route from Eisleben to Berlin, ap-  
parently planning on flying over Frank-  
furt. He had 100 litres of gasoline  
taken on at Eisleben, sufficient to  
last him only a little more than two  
hours. His plane was sighted over  
Cottbus at approximately 11 a. m., an  
hour and a half after he left Eisleben.

Word that he had been forced down  
at Cottbus brought great disappoint-  
ment here, where huge crowds still  
awaiting Chamberlin’s coming were be-  
ginning to fear for his safety when he  
had failed to appear at 11:30 o’clock.

FRENCH AVIATORS LAND  
IN TOBOLSK, SIBERIA

Chamberlin and Lindbergh  
Records Stand Untouched  
by Attempt

Paris, June 6—French aviators  
Cotte and Hignot, who set out from Le  
Bourget Saturday morning in an at-  
tempt to outdistance Capt. Charles A.  
Lindbergh’s non-stop flight, landed in  
the Tagik region of Tobolsk, Siberia,  
after traveling 3,125 miles. Mostly  
through rain and fog, according to  
word received here today. They flew  
20 hours and 6 minutes continuously  
over Europe and Asiatic Russia. How-  
ever, Clarence D. Chamberlin now  
holds the distance record, having beaten  
both the French and Lindbergh.

Washington, June 6—Judge Ben H.  
Lindsey, noted judge of the Denver ju-  
venile court, must surrender the office as  
the result of a ruling by the supreme  
court of the United States today.

The court denied Judge Lindsey’s ap-  
plication for review of a Colorado supreme  
court decision ousting him from the post  
on the ground that he was delinquent  
May 4, 1929, in the discharge of his  
duties.

## SEEK MURDERER

Police Looking For Mysterious Hindu  
Following Strangling of Two Women

Detroit, June 6—A mysterious Hindu  
is sought today by police investigating  
the strangling to death of pretty Pat-  
ricia Maureen Oswald, 29, and her  
widowed landlady Mrs. Emma C. May,  
53.

Dr. Norosh Chandra Acharya, dis-  
torced Hindu husband of Mrs. Oswald,  
was eliminated from the case when it  
was learned that he is in London, Eng-  
land, taking a post graduate medical course.  
Attorney H. F. Patterson, who re-  
presented the wife in her divorce suit,  
said Mrs. Oswald told him a Hindu  
had threatened her life because she  
scored his attentions.

Mrs. May comes from Marquette, Mich.  
and has relatives living there, police  
said.

CHILICOTHE MAN TO  
BE CAMP ASSISTANT

Trained Scout Leader Engag-  
ed To Aid in Summer Work  
This Year

Jack Melvin of Chillicothe, who  
acted as assistant director to Scout  
Executive Walter C. Brown during the  
last year’s camping period last year and  
helped start Camp John A. Owens, will  
take up his duties at once, it was an-  
nounced today.

As a trained scout leader with seven  
years of experience in various scout  
camps, Mr. Melvin is a valuable addi-  
tion to the camp staff for the summer.  
He will be in charge of athletics and  
act as chief of the swimming staff.

Mr. Melvin has been in charge of the  
Mead Co. pool at Chillicothe as insur-  
tor and life guard.

Camp John A. Owens, five miles south  
of Marion, opens June 20 for the first  
two weeks’ outing of various scout  
troops. The camping periods are sched-  
uled to close Aug. 15 but an additional  
two weeks’ outing will be offered if re-  
quested.

Other members of the camp staff are  
Ward Ewald, of Pittsburgh; Alvin  
Silverman, Cleveland; Frank Williams,  
Columbus; Robert Ellis Kinton, and  
Harry Dorney of this city.

THREE BOYS, BELIEVED  
DEAD, RETURN HOME

Monroe Youths Rescued from  
Lake Erie; Missing Since  
Friday

Put in Bay, June 6—Three sons of  
Charles Jackson, a farmer living near  
Monroe, Mich., were to be returned to  
their father today, after having been  
missing since 8 o’clock Friday morning  
and believed dead since Saturday noon.

Taking their collie dog along, the  
three boys, William, 14, Thomas, 10,  
and John, 8, put out Friday morning  
in a small boat to fish. When they  
failed to return within a reasonable  
time, a search was made, but no trace  
of their boat was found.

Later Sunday afternoon, Henry  
Samson, of Put-In-Bay, sighted the  
boys, adrift, and at great risk, battled  
the choppy waters of Lake Erie to ef-  
fect their rescue. When found, all  
three were asleep. When the collie  
“standing guard,” as Samson described  
it. Hoisted to the skiff and blue from  
cold and exposure, the boys were taken  
in hand by spectators who had wit-  
nessed the rescue, and wrapped in warm  
blankets. The youngsters had had  
nothing to eat since early Friday.

According to estimates of fishermen  
here, the boys, with their dog, had  
drifted approximately 60 miles, being  
adrift about 60 hours.

HOME BROKEN UP

Monmouth, Ind., Man Makes Claim of  
Cult Trial

St. Joseph, Mich., June 6—Richard  
H. Wade, Hammond, Ind., today con-  
tinued his story of how his home was  
broken up when his wife and three  
daughters were induced by “King”  
Benjamin Parnell, leader of the House  
of David, to leave him and join the  
cult.

Testifying at the state’s suit to dis-  
solve the colony, Wade said his wife  
and daughters believed “King” Parnell’s  
promise of immortality and turned over  
to Parnell their \$3,500 share from the  
sale of the family farm in Oklahoma.

## HILL NAMED ON COMMITTEE TO REVAMP LAWS

Marion County Representative  
To Assist in Recodification  
of Criminal Statutes

Recodification of Ohio’s criminal laws  
with particular reference to those sec-  
tions dealing with the jurisdiction of  
justice of the peace will be taken up  
within the next few days by a state leg-  
islative committee of which representa-  
tive H. E. Hill, Marion, has been named  
chairman of the house section.

Other members of the committee chosen  
last week during a session of the  
state legislature includes Representative  
Cyrus J. Fitten, Hamilton, Butler  
County, Representative Joseph C. Din-  
more, Cincinnati, Hamilton County,  
Senator L. T. Marshall, Xenia, Green  
County, Senator L. L. Marshall, Cleve-  
land, Cuyahoga County, and Senator  
Alton H. Ebling, Orville, Wayne Coun-  
ty.

All Are Attorneys  
All members of the committee are  
attorneys.

Support in the recodification work  
has been promised by members of the  
Ohio Bar Association and independently  
by bar associations in sections of the  
state.

It will be the duty of this committee,  
which is scheduled to meet within the  
next few days, to revamp the criminal  
law of the state, paying particular at-  
tention to those sections which pertain  
to the jurisdiction of justice of the  
peace, Mr. Hill explained today. More  
than 2,500 sections of the law will be  
gone over and changes recommended,  
Mr. Hill stated.

When this committee has made a  
complete study of the situation it will  
report to the legislature.

Repeal Planned  
Repeal of certain sections which  
conflict with the ruling recently hand-  
ed down by Chief Justice Taft in which  
he held that justice of the peace can  
not try a case where their fees depend  
upon the outcome of the trial, will be  
recommended in the report, Mr. Hill  
stated. Other sections of the statutes  
which have become obsolete will be  
recommended for amendment, he said.

Two bills were recently passed by  
the state legislature dealing with the  
justice of the peace situation. They  
are known as the Filling and Marshall  
bills which provide that the office of  
justice of the peace shall continue, two  
to a county, and that they shall be  
placed on a salary basis.

Provisions of Bills  
The bills also provide that fines and  
penalties in criminal cases and costs  
in civil actions be deposited with the  
treasurer of each county and the salary  
of the justice of the peace be taken  
from county funds, the salary never to  
exceed the fee. A maximum salary  
figure is to be fixed.

Senator Bender, Cleveland, who has  
been involved in numerous disputes

within recent months over the jurisdic-  
tion of justices of the peace, has filed a  
petition with the secretary of the state  
asking a referendum on the two bills.

CHIROPRACTORS CARRY  
PETITIONS ON MEASURE

Would Submit Contested Bill  
to Voters in No-  
vember

Seventy-four of the eighty-eight  
counties in the state are represented  
on the supplementary initiative  
petition which have been pre-  
pared by the Ohio State Chiro-  
practic Society and which will  
place the chiropractic bill on the  
ballot at the November election. It  
was announced today by Dr. J. F.  
Neidhart. The petitions, carrying a  
total of 98,000 signatures, were filed  
with the secretary of state today by  
Dr. C. E. Schilling, Willard, secretary  
of the state society. Petitions carry  
a full three per cent quota in 70  
counties, the law requires such a  
quota from only forty-four counties.

The chiropractors’ fight has been  
waged in this state continuously for  
the past 12 years and is for a separate  
state examining board with the right  
to regulate the practice of their own  
profession. Such a board as created  
by the proposed law would be self-sus-  
taining and conducted without expense,  
either directly or indirectly, to the  
taxpayers. The same plan of state  
regulation has already been granted by  
twenty-eight other states.

# McFARLAND NOT TO ACCEPT POST OF FIRE CHIEFS

Local Man Slated for Election as President of State Body

Although Fire Chief Thomas J. McFarland is slated for election as president of the Ohio Fire Chiefs' Association at this year's convention which will open in Mansfield Tuesday he will not accept the post, he announced today as he prepared to attend the state meeting.

Chief McFarland explained that he had held the post in 1914, and some other chief should have the position this year. He is now serving as vice president of the organization. Chief William H. Remy, Mansfield, is the present head.

One of the features on the program at this year's meeting in Mansfield will be the demonstration of fire apparatus and various fire department appliances. Wednesday, Chief McFarland will have charge of this demonstration. He will be assisted by Chief John Schilling of Wooster. The demonstration will be staged in one of Mansfield's parks. The convention will close Thursday.

24 Years of Service  
Chief McFarland is one of the four oldest fire fighting heads in Ohio. Chief John T. Mertz, of Akron, is the oldest, having served more than 30 years. Next is Fire Chief Menner of Canton, who also has served more than 30 years. Chief D. K. Moser, of Warren, one of the directors of the state association, has been in the service as chief for more than 27 years.

Fire Chief McFarland will complete 24 years of service as head of the local fire fighting force next month. He has been engaged in fire fighting in Marion since 1891 when he entered the ranks as a call man at the Huber shop. He was elected to the position as fire chief in 1902.

Has Seen Many Changes  
In nearly a quarter of a century as head of the local fire forces Chief McFarland has seen many changes. His corps of firemen has grown from four paid men to 28. In 1903 there was but one department with horse drawn hose and hook and ladder wagons.

Today there are three motorized departments with three pump trucks and one aerial ladder truck.  
Marion's oldest fire fighters, who have served under Chief McFarland are H. D. Ulmer, who has been granted a leave of absence following an illness, and Charles Thurston. Ulmer has been in the service 25 years and Thurston 25.

## "Lindy's" Future

As His Mother and Friends See It—Story of His Start on Project of Crossing from New York to Paris

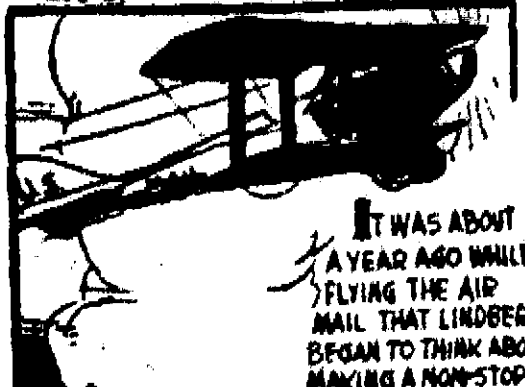

D.F. MAHONEY, PRES. OF THE RYAN AIR LINES WHICH BOAST THE SPIRIT OF ST. LOUIS.

H.M. BIXBY, ONE OF THE ST. LOUIS MEN WHO BACKED LINDBERGH'S NEW YORK-PARIS FLIGHT.

LINDBERGH WEARING THE LEGION OF HONOR DECORATION CONFERRED ON HIM BY FRANCE.

IT WAS ABOUT A YEAR AGO WHILE FLYING THE AIR MAIL THAT LINDBERGH BEGAN TO THINK ABOUT MAKING A NON-STOP FLIGHT ACROSS THE ATLANTIC.

"SLIM'S" ONLY OBSTACLE IN GETTING BACKING FOR HIS UNDERSTANDING CAME WHEN HE REQUESTED UPON FLYING ALONE.

CAPT. LINDBERGH WITH AMBASSADOR HARVEY BEING CHIEFED BY AN ENTHUSIASTIC CROWD.

(This chapter is of compelling interest—particularly the part containing the views of Lindbergh's mother about the courageous offer made to him.)

BY BONITA WITT  
(Copyright 1927, by Central Press Co.)

BECAUSE Charles A. Lindbergh, first man to cross the Atlantic in an airplane, was the outstanding pilot in his class at Brooks-Kelly government aviation school, San Antonio, Tex., he experienced no difficulty in getting a job after his graduation. He went to work for the Mile-Hi Airways Company at Denver, Colo., for a short time, then became chief pilot for the Robertson Aircraft Corporation at St. Louis, Mo. He still is under contract to that organization, having been granted a leave of absence to make his flight to Paris.

It was about a year and a half ago, while flying the air mail from St. Louis to Chicago, that Lindbergh first began

bition to Harold G. Birby, president of the St. Louis Chamber of Commerce, and a flying enthusiast.

Birby, impressed by Lindbergh's earnestness, and what he knew of his skill as a pilot, succeeded in interesting a group of young successful business men in the project. Funds were raised, and Lindbergh went east to select his plane.

### Goes to San Diego

While there he became favorably impressed with a Ryan monoplane and departed for San Diego, Calif., to talk with H. P. Mahoney, youthful president of the Ryan Air Lines. Still another young man, Donald Hall, 27-year-old engineer of the Ryan company, designed the plane which Lindbergh flew across the Atlantic.

"Slim's" only obstacle in getting backing for his undertaking in St. Louis came when he insisted upon flying alone. But his enthusiasm and confidence in himself was contagious, and he succeeded in convincing his backers that he could make the trip without a navigator.

From the outset, Mrs. Lindbergh says her son was satisfied with his "ship." The excitement attending his jump to Paris has obscured the fact that "Slim" established two records in his trip across the United States. He was the first pilot to fly so great a distance alone and the plane brought him from San Diego to New York in the quickest actual flying time ever made from coast to coast.

"What will Lindbergh do now?" is the question everyone is asking today. With the world at his feet will he quit aviation and cash in on the fortune which awaits him?

"He'll Never Quit," Friends Say.

His friends are convinced that Charles never will quit flying. Capt. Eugene Stevens, who lived in the same barracks at San Antonio when they both were flying cadets at Brooks-Kelly government flying school, says, "Slim will never quit flying. He just must fly—it's as vital to him as the air he breathes. All this tribute being paid him doesn't mean anything to the 'Swede.' He didn't make the flight for money or fame. If someone

had said to him, 'Swede, I bet you can't fly from New York to Paris,' his answer probably would have been, 'You'll see my plane with gas and I'll show you if I can't!'

"He made that flight for the love of flying and for the advancement of aviation, not for personal glory."

This same faith in the ability of "Slim" to remain unspooled by the plaudits of the crowd and the tempting financial offers which are being dangled before him is held by his mother.

As she sits on the porch of her Detroit home, looking at the trees which rise in the distance, she says, "I should be very much surprised if Charles accepted any of the fabulous offers which the newspapers say have been made him. I can't imagine him a vaudeville actor or a film star. Charles' heart and soul are in aviation. The men

who backed him in St. Louis are all interested in the advancement of aviation. It is with their co-operation that

he probably will work out his fate. The End

## Learn about "Lively Heat" The Modern Cooking Sensation

It is the "Lively Heat" that good cooks of all times have known as the only kind of heat that can do perfect cooking and baking. Red Star engineers have found a way to produce "Lively Heat" in an oil stove. The Red Star Burner converts common kerosene or gasoline into a gaseous vapor, which is then burned and produces the same "Lively Heat" as coal, gas, or electricity. Naturally, there are no wicks or wick substitutes.

## NEW FOREIGN TRADE RECORD SEEN FOR U.S.

Business Increasing in Every  
Quarter of Globe; All-Time  
Mark Forecast

Washington, June 6. With American trade in every quarter of the globe increasing, indications today pointed to an all-time record for foreign sales in normal years, during 1927.

Present figures foreshadow exports of slightly over \$2,000,000,000 for the fiscal year ending June 30 and probably about the same for the calendar year, more than making up for the loss of \$100,000,000 in foreign sales from 1925 to 1926.

Contrasted to the \$277,000,000 favorable balance of trade last year, exports will exceed imports by about \$750,000,000 for the ending year June 30.

30, while exports are a possible favorable balance of nearly \$1,000,000,000 for the calendar year.

Begin to Climb

Exports, after a drop in the summer of 1926, began to climb late in the fall and during the first four months of 1927 exceeded the same period of last year by over \$100,000,000. This is predicted that the increase will be maintained for the rest of the year.

Both Secretary of the Treasury, Mellon and Secretary of Commerce, Hoover feel that the present business situation is healthy, without signs of depression.

Total imports for the year are estimated at \$1,300,000,000.

Exports so far this year have increased to 29 out of 37 principal commercial nations, the most important jump having been in Germany. Sales to the United States.

Great Britain increased, indicating that nation is recovering from the coal strike. Shipments to France, Italy, Central America, Mexico and China were lighter.

### DONKS ATTACK BUREAU

#### LEON TALBERT IS CLAIMED BY RIVER CURRENT

Attempts of Companions To Save Marietta Youth Are Futile

Marietta, June 6—Funeral for Joseph Leon Talbert, 16, former grade school student at the Allen County children's home, who was seized with cramps while swimming in a river at Marietta, and drowned Saturday afternoon, was held this afternoon at 1 o'clock from the home of Joseph E. Boyd, nearby Marietta farmer, where the youth had made his home during the past three years.

The body was taken to Columbus Grove for interment beside his mother. The tragedy claiming the life of the popular young man has cast the Marietta community into sorrow and throughout Sunday and this morning hundreds of friends came to the Boyd home, where the remains lay in state, and to pay a last tribute.

Talbert, according to reports, left home with Delbert Sanford, son of Mr. and Mrs. Harry Sanford, neighbors, early Saturday on a fishing trip to a nearby river. According to the story of his companion, they fished for a brief time when Talbert decided to plunge into the waters for a brief swim. He succeeded in crossing the stream but as he neared the center of the current on the return trip he suddenly threw his arms into the air and sank.

#### Body Is Recovered

A hay rake attached to ropes in the hands of the searchers and dragged through the river brought the body to the surface.

The boy's father, William Talbert, Leno, a postman and the superintendent of the Leno home, arrived in Marietta soon after the recovery of the body and aided in completing funeral arrangements. The boy's mother died several years ago and three years ago he came from the Leno home to reside on the Boyd farm. Beside the father, two sisters, Florence T. Talbert, Leno, and Bertha Talbert, Columbus, survive.

#### TO DEDICATE KENTON CHURCH NEXT SUNDAY

Preparatory Services Arranged by Baptist Pastor for Entire Week

Kenton, June 6—Dedicatory services marking the formal opening of the new First Baptist church just completed at Wayne and Carroll-sts. at a cost of approximately \$20,000, will be held Sunday afternoon, June 12, and was announced today by the pastor, Rev. Albert W. Waynall.

The dedicatory address will be delivered by Dr. Albert King Morris, of the First Baptist church, Toledo, who has just completed a \$300,000 church in that city.

Preceding his address, Rev. Waynall will present a brief outline of the finances and work involved in completing the new structure, replacing the one destroyed by a foundation cave-in more than a year ago. Special music will be furnished by Mr. and Mrs. Elton Jones, Waynall.

Commencing tonight and continuing up to the dedicatory special services will be held in the church with dignitaries of the State Baptist Association contributing to the program series. Dr. Joseph H. Lloyd, Youngstown, president of the Ohio Baptist convention, and Rev. H. Edwin Stafford, president of the Kenton Ministerial Association will be the principal speakers with music being furnished by the Waynall orchestra.

#### Senator James R. Hopley, Bucyrus, non-in-law of the pastor of the old Baptist church at the time of its building, will be the main speaker on Saturday night, Sunday morning Rev. Norton of Zanesville, for 11 years pastor of the Kenton charge, and Dr. T. F. Chambers, Granville, executive secretary of the Ohio Baptist convention, will be the speakers.

#### TO OBSERVE CHILDREN'S DAY AT MT. GILEAD

Mr. Gilead, June 6—A vocal solo, "Rest," by J. W. Buchhoff, sung by Merrill Cramer, chorister of the M. E. Sunday School, featured regular service Sunday morning. He was accompanied by Mrs. Anna Drown.

Children's Day services will be held next Sunday and Father's Day, the one following.

#### MARYSVILLE PLAYS HOST TO 200 LEGIONNAIRES

Eleven Ohio Counties Represented at District Meeting; Park Inspected

Marysville, June 6—Marysville was host yesterday to 200 legionnaires from 11 Ohio counties, here in attendance of the central district meeting.

The visitors were given a rousing welcome by the Marysville American Legion band, which furnished the music until the assembly was organized, after which a tour was made of the American Legion Memorial Park.

After returning from the park, the visitors went to the Oakland Hotel where a dinner was served. The building was held at the armory and a number of resolutions were passed by the delegates. State Commander Herbert Moorey and a number of other state officers were present and gave addresses.

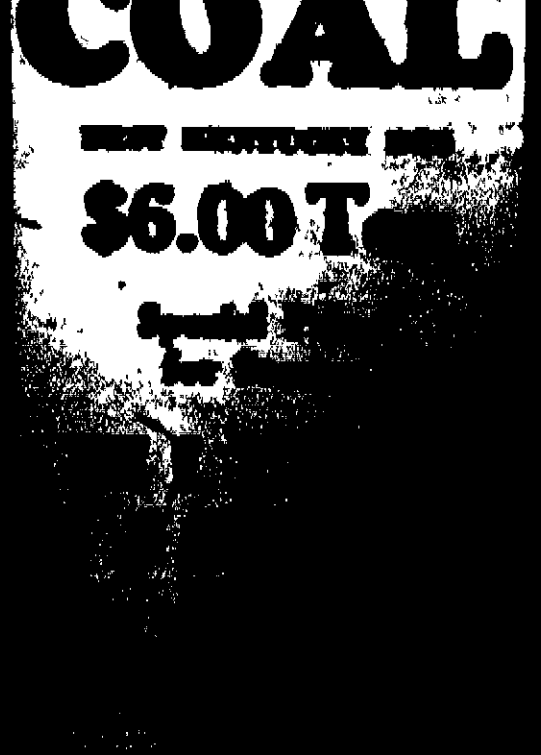

#### MARRIAGE LICENSES ISSUED AT MT. GILEAD

#### KENTON, June 6—Magicians from all over the United States and Canada and many foreign countries today were headed for Kenton for the annual convention of the International Brotherhood of Magicians to be held here Wednesday, Thursday and Friday.

#### Plan Jail Escape

Convention business is to occupy the morning of the second day and in the afternoon magicians will vie for honors in contests. Election of officers and the selection of next year's convention city will also be completed. At the noon hour the visiting magicians will visit the various industries of the city presenting magical performances for the employees and at 1 o'clock E. J. Moore, the second Houdini, will escape from the Hardin County Jail after being securely handcuffed and locked in a cell.

Thursday night, W. W. Durbin, Kenton manufacturer and Brotherhood president, will entertain members of the convention at a luncheon at his home here.

Final business sessions are to occupy the greater part of the final day. At 5 o'clock, Edgar Eckman, Rochester, N. Y., will be securely locked in a straight jacket and suspended by his feet fifty feet in mid air and there release himself and escape. During the hour preceding the magicians are to entertain for Hardin County school teachers in the courthouse.

Climaxing each daily program, a night show in magic is to be presented beneath a huge tent seating 2,000 persons. Blackstone, Myron Smith, Mac Donald Birch, Davis and other leaders in the mysteries of the black art and legions of magicians will appear on the night program.

#### "Not Guilty" Plea Is Made By Henry Dean to Carey Church Robbery Charges

June 30 Date Set for Burglary Trial; Bond Fixed at \$5,000; Forest Bank Files Suit Against Wyandot County Persons

Upper Sandusky, June 6—The first National Bank, Forest, has filed suit in common pleas court here against the Dean, Perry L. Dean, July 31, Heuburger and Cletus Heuburger asking that a certain deed be set aside and the property administered for the benefit of the creditors of Ida L. Dean and for other relief.

Ladies of Consolidation church, Carey, pleaded "not guilty" to both charges when arraigned before Judge Earl H. Carter, Friday morning. His bond was fixed at \$5,000 in each case and his trial on the first indictment was set for June 30.

Walter Examination

Best Puel, Harper, arrested Friday by Sheriff H. B. Stansbury and Deputy Raymond Stansbury, charged with pointing firearms. Four men from Marion were said to have been ordered from a room where they were taking a game at them. He waived examination when brought before Justice of Peace Jay Morgentau and was bound over to the grand jury under bond of \$10 which he furnished.

A tract of land in Tynochtee Township in which W. H. Castanien, guardian of Anna Castanien was plaintiff and George J. Noel was defendant, was sold at sheriff's sale on the lawn of the courthouse, Saturday afternoon for \$1,300. The land covered 10 acres less the right of way for the railroad and had been appraised at \$1,350.

#### Licenses To Wed

A marriage license was issued to Jay Culver, Mansfield, and Mary Jane Mitchell, this city, Saturday. Rev. C. H. Kramer officiated. Mrs. Blair died Saturday morning following an illness of several weeks. Urmic complications were assigned as the cause of her death. Mrs. Blair is a life long member of the community and was born in Polk township in 1850, a daughter of Mr. and Mrs. J. Tupper. Her husband, the late G. W. Blair, preceded her in death several years ago.

One daughter, Mrs. Walter Smith, a sister, Mrs. S. W. Guinther and three brothers, Homer, William and Samuel, all of the vicinity, survive.

#### CAREY QUEEN ESTHERS HOLD REGULAR MEETING

Carey, June 6—The Queen Esther Standard Bearers of the M. E. Church met Saturday afternoon with Miss Dorothy Mitchell. Miss Ueta Wentling was acting hostess. Miss Jennie Stern read the scripture lesson followed by prayer by Mrs. George Ark. During a business session election of officers resulted as follows:

Miss Bertha Wentling, president; Miss Jennie Stern, recording secretary; Miss Gertrude Wentling, corresponding secretary; Miss Ueta Wentling, also recording secretary; Miss Bertha Wentling, treasurer; Miss Bertha Wentling, pianist.

The last chapter in the story "Our Tangled Web," was read by Miss Bertha Wentling. The story was written by Mrs. George Ark.

#### MRS. DOROTHY G. BLAIR IS CLAIMED BY DEATH

Miss Carus has taken normal work at Bowling Green and must attend summer school this summer. Miss Jenkins is a graduate of Mt. Gilead schools and has also taken normal work here and at Edison. She has been teaching in Knox County for three years.

At this meeting, the board purchased two carloads of coal from the Mt. Gilead Hardware Co.

#### MRS. E. O. REAMES, 71, HEART DISEASE VICTIM

Well-Known Union County Woman Dies at Home of Son

Marysville, June 6—Funeral services were held today for Mrs. E. O. Reames, 71, well-known resident of Union County. Mrs. Reames died early Saturday morning at the home of her son, Canby Reames, Raymond, where she had been staying for the past two weeks. Death was due to heart disease.

Mrs. Reames was born in Union County Sept. 3, 1860, and was a daughter of Mr. and Mrs. Nathan Yarrington deceased. On April 8, 1875, she was united in marriage to E. O. Reames and to this union 12 children were born, of whom four survive. Mr. Reames died 10 years ago.

The deceased is survived by the following relatives: Four children, Walter E. Reames, Marion; Mrs. Joseph Crutchank, Delaware; Canby Reames, near Raymond; and Mrs. Eva Winslow of Liberty Township. Two sisters also survive: Mrs. A. W. Danforth, of Marysville, and Mrs. Maggie Reames of West Mansfield, also a half sister, Mrs. Scott Roby, of Kenton.

#### ARRANGE FOR CHILDREN'S SERVICES NEXT SUNDAY

Custom Originated 50 Years Ago as Money-Raising Plan

Mr. Gilead, June 6—Children's Day exercises will be held in the Methodist Church next Sunday night. Practitioners will be held all this week.

Children's Day originated about 50 years ago with the aim of collecting money, which would be used to loan to students preparing for the ministry. The money acquired is loaned through a Board of Education in which the money is repaid when the student has completed his work. However, the day came soon to be set aside for programs and exercises in which the children took part in order to make them feel their responsibility in the church. At these services, it soon became the custom to administer the sacrament of baptism to children prepared by their parents. This custom will be followed at next Sunday's services.

A parade of all attendees was the chief event of the afternoon and streets were lined with spectators. A mounted color guard from the local Central Train led the procession and was followed by the Galion high school band and the Bleby drum corps who furnished music for the marchers. Enthusiastic applause greeted each troop and stalling interest and pride in the movement were again manifested.

Athletic events, including races, signalling contests and drill and demonstrations occupied the people during the remainder of their stay. The entire assembly was divided into four tribes: Iroquois, Hopewell, Blackfoot and Navajo and the events were exciting throughout and marked by keen competition. The order to break camp was given at 4 o'clock and the camp was brought to a successful close.

The assembly increased local interest in boy scout work and showed more fully the accomplishments of the members of the outfit.

#### TEMPERANCE LIAISON MEETS

Carey, June 6—The Local Temperance Legion met Friday afternoon with Miss Gertrude Yoke with 22 in attendance. Miss Alma Popper presided over the devotional. Miss Gertrude Yoke conducted the lesson study, "The 22 Fruits of Temperance." After the meeting they talked to the Massman school house and enjoyed a wicker rest.

#### HOLD EXAMINATION

Marysville, June 6—The second examination for prospective teachers in the Union County schools was held Saturday in the West school building. There were 40 persons who took the examination which was a difficult one. Over half of those who took the examination held two weeks ago failed.

#### CHILDREN CRY FOR

Children's Day exercises will be held in the Methodist Church next Sunday night. Practitioners will be held all this week.

#### LARGE CLASS IS RECEIVED INTO GALION CHURCH

First Reformed Catechetical Group Has Charge of Special Service

Galion, June 6—Several interesting programs featured church events here yesterday and were enjoyed by large audiences. Among the most prominent of the affairs was the final activity of the season for members of the catechetical class of the First Reformed church, which was held last night. According to the usual custom a program of various numbers was presented and was entirely in charge of class members.

Harold Zimmerman, president of the class, acted as chairman and announced the numbers. Edith Kleinkecht read scripture and five of the boys acted as soloists. The vocal choir contributed an anthem and the orchestra of the Sunday school under the direction of Charles Tracht played several selections. Edward Rousch ofered prayer and an interesting paper telling the complete history of the church and its founders was read by Ruth Diamond. Readings instrumental solos and choros songs were enjoyed and the class history was read by Harold Zimmerman. A prophecy of the class predicting the happenings 20 years from now was read by George Tracht and the closing number was a reading "The Last Church" with organ accompaniment which was given by Helen Wagner.

The class is composed of five girls and 12 boys who were confirmed into church membership at the morning service. Tuesday night the class will again assemble at the parsonage for a social event at which Rev. G. F. Zinn will be host.

Children's Day was observed at the United Brethren church last night and participants were a large group of the younger Sunday School members. All departments were represented with readings or music and two plays were given. "In Search of a Key" by a girl group. The primary class presented a group of songs with Marie Campbell and Ruth Gwinner as soloists and other boys' organization executed a difficult flag drill.

Services of similar nature were given at the Market at Methodist church at the morning hour and the annual children's program there proved a decided success.

At the Presbyterian church the mothers' program honoring the daughters was interesting and well given and at Grace Episcopal Rev. Harold W. Gilmer, a professor from Tiffin, O., was the visiting speaker.

Well-Known Union County Woman Dies at Home of Son

Marysville, June 6—Funeral services were held today for Mrs. E. O. Reames, 71, well-known resident of Union County. Mrs. Reames died early Saturday morning at the home of her son, Canby Reames, Raymond, where she had been staying for the past two weeks. Death was due to heart disease.

Mrs. Reames was born in Union County Sept. 3, 1860, and was a daughter of Mr. and Mrs. Nathan Yarrington deceased. On April 8, 1875, she was united in marriage to E. O. Reames and to this union 12 children were born, of whom four survive. Mr. Reames died 10 years ago.

The deceased is survived by the following relatives: Four children, Walter E. Reames, Marion; Mrs. Joseph Crutchank, Delaware; Canby Reames, near Raymond; and Mrs. Eva Winslow of Liberty Township. Two sisters also survive: Mrs. A. W. Danforth, of Marysville, and Mrs. Maggie Reames of West Mansfield, also a half sister, Mrs. Scott Roby, of Kenton.

#### ARRANGE FOR CHILDREN'S SERVICES NEXT SUNDAY

Custom Originated 50 Years Ago as Money-Raising Plan

Mr. Gilead, June 6—Children's Day exercises will be held in the Methodist Church next Sunday night. Practitioners will be held all this week.

Children's Day originated about 50 years ago with the aim of collecting money, which would be used to loan to students preparing for the ministry. The money acquired is loaned through a Board of Education in which the money is repaid when the student has completed his work. However, the day came soon to be set aside for programs and exercises in which the children took part in order to make them feel their responsibility in the church. At these services, it soon became the custom to administer the sacrament of baptism to children prepared by their parents. This custom will be followed at next Sunday's services.

A parade of all attendees was the chief event of the afternoon and streets were lined with spectators. A mounted color guard from the local Central Train led the procession and was followed by the Galion high school band and the Bleby drum corps who furnished music for the marchers. Enthusiastic applause greeted each troop and stalling interest and pride in the movement were again manifested.

Athletic events, including races, signalling contests and drill and demonstrations occupied the people during the remainder of their stay. The entire assembly was divided into four tribes: Iroquois, Hopewell, Blackfoot and Navajo and the events were exciting throughout and marked by keen competition. The order to break camp was given at 4 o'clock and the camp was brought to a successful close.

The assembly increased local interest in boy scout work and showed more fully the accomplishments of the members of the outfit.

#### TEMPERANCE LIAISON MEETS

Carey, June 6—The Local Temperance Legion met Friday afternoon with Miss Gertrude Yoke with 22 in attendance. Miss Alma Popper presided over the devotional. Miss Gertrude Yoke conducted the lesson study, "The 22 Fruits of Temperance." After the meeting they talked to the Massman school house and enjoyed a wicker rest.

#### HOLD EXAMINATION

Marysville, June 6—The second examination for prospective teachers in the Union County schools was held Saturday in the West school building. There were 40 persons who took the examination which was a difficult one. Over half of those who took the examination held two weeks ago failed.

WITH the fifth week of recreational ball getting under way, the lightest race for the pennant of any league appears centered in the Commercial league, where four teams are tied for first place, each having won three games and lost one.

In no other league has every team lost at least one game and in no other group is there more than two tied for the first berth.

That league also holds the record for eight inning games, the Kappa Alpha Pals having played more overhauling contests than all the other teams put together. The Kappas have won three out of four games, battling to victory in the eighth inning on two occasions and failing to down their opponents in the extra inning of another affair.

Boscor Bank, Kappa pitcher, has probably the best record of any in the Commercial league and is a leader among the hurlers of other leagues.

The Lutherans and Trinity Baptists are tearing along at a terrific pace in the second Sunday School league with Calvary and Wesley M. E. leaving a streak of dust behind them in the first Church group.

Kochensberger, familiarly known as "Kochy," is largely responsible for the Lutherans' advancement. Kochy, in conjunction with Niemeyer, has been holding down the mound job for the Lutherans. The C. D. & M. also has Kochy to thank for their high standing in the Industrial League.

ZUSPAN, another promising young Marion recreational ball pitcher, won three games last week. He twirled for the United Brothers to victory on two occasions and hurled a winning game for the United Dairies.

But three games a week is too much for any moundman and Zuspan's arm will get no good in a hurry if he continues last week's practice. However, with the postponed Sunday School league games all played off, he will not have occasion to pitch more than two games each week during the remainder of the season and will set a lively pace in those contests if he has the proper support.

The Marion Steam shovel shone in the only team to have full possession of a league lead as the city looms embark on the fifth week of play. The Shovelers, however, have played only three games while the C. D. & M. has played four. The C. D. & M. is second in the standing.

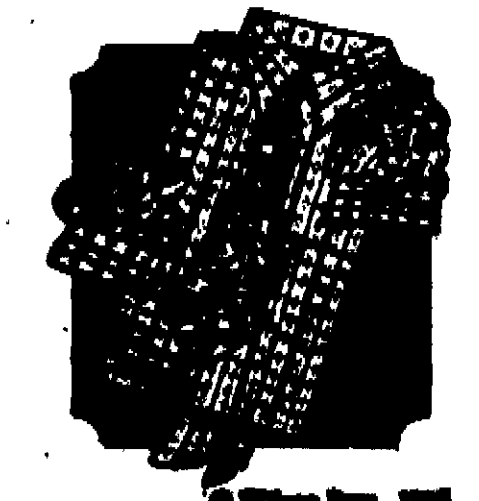

WE haven't heard any great holler about the umpires. Either all managers are being extraordinarily satisfied or have decided to "play the game" like real sportsmen and take the officials' decisions without asking him "how'd you get that way?"

Only one league is arrears in its schedule. The Association is still a couple of series behind but will catch up with itself some time next week, if weather is favorable.

In fact, it seems that, after getting away to a bad start, the leagues are rounding into fine shape and will furnish hot entertainment during the last round of games.

THE Toledo Medians are leading the American Association for the first time in years and evidently expect to stay at the head of the class.

The Ohio outfit was not especially mentioned when critics of the Association were looking around for the pennant winner this spring but a few of the wise birds are sitting up and taking notice now. Still, predictions are that the Ohioans can't keep up the

## Elyria Richwines Defeat Marion Athletics, 4-2

Strickradt Allows Local  
Players Only Six Hits;  
Second Defeat of SeasonVisitors Collect 10 Hits in Five Innings To Win Game, but Are  
Held Hitless by Main After That Frame;  
Best Game of Season

BY EDDIE SCHOENLER

THE Marion Athletics today are smarting under the sting of their second defeat of the season while up in Elyria the Richwines are celebrating another victory. And, incidentally, Marion baseball fans still are commenting upon the best game witnessed at Lincoln Park so far this year.

It all happened yesterday afternoon when Bill Strickradt, a man with a delivery as complicated as his name, allowed the Marion outfit only six hits and two runs while his teammates from Elyria were bunting 10 bingles off Main for four tallies.

And, despite the fact that Marion went down in defeat, the contest was easily the best exhibition of baseball seen on a local diamond this season.

Visitors Lead

The visitors held the upper hand all the way, starting the scoring in the third frame, when two hits and a sacrifice counted the first run. Two more hits, combined with a walk, accounted for another tally in the fourth stanza, and a collection of three bingles, aided by an error and a base on balls, annexed the two winning runs in the fifth inning.

After that outburst, the Elyria team was held hitless for the remaining four innings. But the damage was done, and the best that Marion could do was to collect three hits in the seventh frame for its lone two runs.

After holding the locals to two hits

for five innings, Strickradt let down the bars in the sixth when Price singled, Conroy doubled, and both scored, as Reese slammed a liner into center field. The outs were chalked up when Price started the rally. Reese died on third as Rizor was thrown out at first.

Errors Few

Errors were few and far between, a total of six being recorded for both sides during the nine innings. Marion made four of the six but none were costly.

Elyria played almost air-tight ball in the field and the Marion crew was lucky to be able to get the ball out of the infield.

Main struck out four men yesterday while the opposing pitcher received six to his credit. Main walked three and Strickradt gave out the same number of free tickets to the initial sack. The longest hit made during the game was a double and only two of them were recorded.

Marion Goes Good

The Marion outfit looked better in the field yesterday than at any other previous time this year but the local boys were unable to get the necessary hits. It was the least number of hits credited to the Athletics in any single game here so far this season. Reese received two and Price, Conroy, Rizor and Main collected one each.

Brouse who holds the reputation of being the "Habe Ruth" of the Richwines made three of the 10 hits received by Elyria. He also was responsible for one of the two errors of the visitors when he mised an easy grounder down the first base line.

Rizor and Bucklund were again back into their old form yesterday. The former accepted seven chances while Buck caught three difficult pop flies.

## FIRST ROUND OF TOURNEY CLOSES

ANOTHER LOCAL  
GOLF MEET IS  
OPENED TODAYWomen's Handicap Gets Under  
Way; Other  
Results

J. J. HANE, Wilfred Schaffner, C. L. Gorton, C. M. Howser, George Wright, F. J. Longshore and H. R. Stoll survived the first round of the Vice President's Cup handicap golf tourney, which closed yesterday on the Marion Country Club course.

Defeating Longshore, Stoll won his second round match yesterday and is ready for play in the third round, which is to open Thursday morning. The score was 4-3.

The second round opened today and will continue through Wednesday while the qualifying rounds of the women's handicap tourney also are under way, scheduled to close Wednesday afternoon.

Second Round

The winner of the F. W. Bacon-V. T. Jones match, to be played today in the first round, will meet J. J. Hane in the second round. Schaffner will play Gorton, and Howser will meet Wright.

Hane defeated John Dugan yesterday, four up and two to play. Schaffner won from K. M. Howser, 3-2; Gorton defeated Dr. F. V. Murphy, 3-2; Howser won from Sammons, 0-5; Wright won from Dan LaMarche, by default; Longshore defeated C. W. Wright, one up, and Stoll won over T. H. Allen, 4-2.

Results in the first round of the second flight yesterday were as follows:

J. M. Gardner defeated F. E. Springer, 5-4.

O. S. Rapp won from R. J. LaMarche, by default.

E. H. Guthrie defeated C. E. Kennedy, by default.

Dr. E. L. Brady defeated J. C. Woods, 5-4.

G. Davis won from Dr. Morgan, by default.

Joe Grundy won from Wilbur Sorce by default.

J. H. Smith won from H. K. Mouser, by default.

Following are the pairings in the second round of the second flight, to close Wednesday:

Gardner vs. Rapp.

Guthrie vs. Brady.

Davis vs. Grundy.

Smith vs. C. F. LaMarche.

A large number of golf enthusiasts besides those who took part in the tournaments were on the links yesterday, in spite of the cool weather.

Bincos Battle Claridon  
for 13 Innings; Win, 4-3

THE Bincos baseball outfit battled Claridon for 13 innings yesterday before finally turning in a 4-3 victory in the first game of the season.

The score at the end of the ninth was one all, each team having scored in the sixth frame. Both teams were then held scoreless until the thirteenth stanza when the Bincos staged a hot and run rally and crossed the plate three times.

But Claridon, coming to bat in the last of the thirteenth, furnished a fitting climax for what was probably the most exciting game to be staged in the first game of the season.

Following are the pairings in the second round of the second flight, to close Wednesday:

Gardner vs. Rapp.

Guthrie vs. Brady.

Pittsburgh Pirates Finish  
Another Successful Week;  
Yanks Lead American Loop

Pirates Leading National League in Hitting and Fielding and  
Place Four Pitchers in Leading 10;  
Cardinals in Second Place

BY DAVIS J. WALSH

NEW YORK, June 6—What are you going to do with a club that is 23 percentage points ahead of the runners-up in hitting, leads the league in the latest fielding averages, ranks well up in stolen bases and has placed four pitchers in the first 10? Offhand, the writer would venture to say that you are going to let it win a lot of ball games and that is what the National League in general is doing with the Pittsburgh Pirates today.

The Pirates finished their second successive week with a winning average of better than .600, the Cardinals alone giving a superior performance. St. Louis, breaking out again in an outburst of startling pitching which included 18 scoreless innings against the Dodgers, won five and lost one since last Monday and jumped ahead of the Giants and Cubs into second place.

Meanwhile, the American League had developed even more of a two team race than before, the Yanks and White Sox stacking themselves to a highly successful week while the Athletics were ceasing to be an active contender for the time being by blowing five ball games and 42 points in percentage. The commanding position for some weeks is likely to be determined in the New York-Chicago series at the Yankee Stadium this week.

Of the National League contender, however, the Cubs put in the most impressive seven days, the Joe McCarthy club losing four out of six and dropping from .583 to .548.

**CITY NOT TO GET NEW FIRE PUMP TILL FALL**

Sale of Bonds Scheduled for Thursday; Will Cost About \$13,500

With the sale of bonds scheduled for Thursday, and the advertisement of this stated for early in July Marion will not receive its new motorized fire pump for September, No. 2 before October or November. This was indicated today by Fire Chief T. J. McFarland.

Legislation authorizing the purchase of new equipment was passed several weeks ago by Marion City Council. The new pump is to cost approximately \$13,500 and will replace a truck now in service which has been declared inefficient owing to crystallization of metal due to age.

**SALE OF TWO LOTS IN BRIGHTWOOD ANNOUNCED**

Sale of two residence lots in Brightwood Addition in southeast Marion was announced today. W. O. Nippert, Willow-st., has purchased a lot on Brightwood-dr and expects to start construction of a new home in the near future.

Albert J. Houghton, 236 Gurley-av., has also purchased a lot in the new home section for the purpose of building a dwelling.

**LOANS up to \$500**

Money talks a language known the world over. It joins east with west and north with south.

Is far off China, notice live in the deep waters of the "Yangtze" in search of a few coins tourists have thrown over-board.

In the desolate regions of Alaska, trappers endure all kinds of hardships to capture the sky silver fox or the cunning little mink. Their price are of great value. And so on in every land the lustre of gold remains the same.

Now, money is also quite important, but you don't have to drive for gradually down to earth to get it. Simply call on The City Loan, where you can borrow and repay without any hardship at all.

# ACTIVE MARKET SESSION REPORTED ON EXCHANGE

Forward Movement Held in Check by Profit-Taking. Short-Selling

**MARKETS AT A GLANCE**  
Railroad stocks, strong; industrial stocks, firm; domestic bonds, firm; foreign bonds, irregular; call money, 4 1/2 per cent; grain irregular; cotton irregular; oil irregular; sugar irregular; pig iron irregular; foreign exchange firm.

New York, June 6.—Strength and activity characterized most of the important sections of the market today. While the forward movement in a wide range of the speculative favorites was promptly resumed at the beginning of trading, the market as a whole was held back by a huge volume of profit taking and short selling. Commission houses reported a good demand for stocks from the general public, but professional and pool activities were behind most of the wide swings in stock prices.

Some apprehension was felt in Wall Street with respect to the anticipated increase in brokers' borrowings to be shown in the weekly reserve board statement after the close of business, this is the first report in which actual borrowing for the financing of the "new steel" shares will be included in the voice of actual borrowings, and the volume has been variously estimated at from \$30,000,000 to \$50,000,000.

Pittsburgh Coal held the center of the stage for the speculative industrial stocks, with a new advance of more than 5 points in extremely heavy trading from the opening gong. The "news" on Pittsburgh (one when it is officially announced, will doubtless be the announcement of this company with other coal and transportation properties, under the guidance of a powerful group of Pittsburgh financiers.

**LEGION PLANS PICNIC FOR VETERANS' CHILDREN**

100 from Xenia Home To Be Guests of Local Post and Auxiliary

Plans for a picnic at which they will have as their guests 100 of the smallest children of the Soldiers & Sailors' Home at Xenia, will be completed at a meeting of Bird-Medina Post, No. 102 American Legion and Auxiliary to be held Wednesday evening.

The picnic will be held at the Xenia home on June 13 when approximately 100 members of the local legion and auxiliary will motor to that city. L. Don Jones, commander of Bird-Medina Post said this morning that word had been received from Col. T. E. Andrews, superintendent at the home, that the proposed picnic had received the hearty endorsement of the institution heads.

**MARRIAGE LICENSES**

Four licenses to wed were issued Saturday in Marion county. They were as follows: Dolno, Carl Campbell, 24, Hancock, Mildred Bess Frunias, 20, Chocoma; Ralph E. ## RENEWAL SERVICES OPEN UNDER PETTICORD PARTY

Will Continue at Oakland Evangelical Church for Next Three Weeks

Under the direction of the Petticord Evangelical Party, renewal services opened yesterday at Oakland Evangelical Church with services both morning and night. In the morning Rev. E. W. Petticord, Columbus, who heads the party, preached a powerful sermon from the text, 11 Kings, 1-10. James E. Campbell, Kokomo, Ind., song leader, sang as his first solo number during the revival, "Open the Gates of the Temple."

Last night Reverend Petticord discussed "The Crisis" taking as his text, Luke, 12-56. Mr. Campbell and Clyde

Kelly, Columbus, pianist, were heard in a beautiful number, "The Shepherd of Love" and the choir in the selection, "God's Kingdom is at Hand." Services will continue at 7:30 o'clock each night for the next three weeks, with the exception of Saturday night. Cottage prayer meetings will be held at 9 o'clock Tuesday morning in the Tombs home, 940 Unapheray, the E. C. Klingel home, 822 Woodrow-av., the home of Mrs. Zula Yeagle, 874 Bellefontaine-av., the home of Fred Buckley, 555 Mount-av., and the home of E. C. Earhart, 818 Davidson.

## FUNERAL SERVICES FOR WAR VETERAN ARE HELD

Funeral services for Joseph Snockenberger were held at 2 o'clock this afternoon at his late home, 397 N. State-st., with Rev. Raymond W. Smiley, pastor of First Presbyterian Church, officiating. Burial was in Marion Cemetery.

Mr. Snockenberger's death came suddenly Thursday. He was formerly a member of the Marion City Council and had served in the Civil War.

In the old days anyone dressed up in his Sunday clothes and sitting around in the Sunday morning sunshine didn't need any other amusement.

## REV. R. W. SMILEY GIVES HIS LAST SERMON HERE

Presbyterian Pastor Urges His Hearers To Become Extraordinary Christians

With the words "I leave you as a pastor, but I cannot divorce myself from interest in this church in the days to come. You will be often in my mind frequently in my prayers and ever in my heart," Rev. R. W. Smiley, pastor of First Presbyterian Church, gave his last sermon here last night. The church auditorium was crowded to capacity, as at the morning service when Reverend Smiley administered his last communion there and received a class of new members into the church.

"Let Not Your Heart Be Troubled," Speaks, was beautifully sung as a solo number by Mrs. B. L. Wallace at the service last night. "Fear Not O Israel," Spicker, was sung by the quartet, and the anthem, "O God, Be Strong in the West," Speaks, by the church choir. The heart of Reverend Smiley's farewell sermon touched on the subject, "One hundred per cent Christianity," which he upheld as "aggressive Christianity, meeting the demands of the age. Those who are loyal to Christ and His Church, in short, those who have the whole life fully surrendered, all the time, to do the whole will of God."

"John Wesley once prayed to be an extraordinary Christian and it is that I call on you to be," Reverend Smiley said. "Extraordinary Christianity," one who is inclusive and exclusive, being more concerned about heresies of spirit than heresies of mind, putting right above rites, service above ceremonial, love above legalism, and excluding selfishness, pride and intolerance in yourselves. One who is co-operative and competitive, counting as partners all men and women of good will, be they Jewish, Catholic or Protestant believers in a good God, and co-operating with them in every way that will help build up the kingdom of God on earth. One who will waste no strength competing with allies in the eternal conflict with evil, but will compete for the souls of men till every foe of human happiness has been vanquished.

"The extraordinary Christian is also one who will be comforting and challenging, comforting those who are fighting hard the battle of life, and challenging every sin, vice and evil that tends to bring about the tears and heartaches of life. One who is conservative and progressive, treasuring the truth brought out in the past, at the same time adding more truth to that already held, seeking the new light as the merchant seeks for goodly pearls."

"Thus will you become 'extraordinary Christians' and fill the church with the spirit of love and service." His sermon, beautifully delivered, carried out his purpose, mentioned in his introduction, in saying farewell to "give the only message which seems appropriate to a farewell sermon—a gospel message to people who have been loyal and faithful to the church and pastor, through the years of his ministry here."

Will Leave Tuesday  
Reverend Smiley, accompanied by Mrs. Smiley and their son, Robert, will leave Tuesday for Steubenville, where Reverend Smiley has accepted the pastorate of Westminster Church. A farewell reception is being given in their honor, at the church tonight.

Received into the membership of the church yesterday morning were the following: Mrs. Allen Warner, Mr. and Mrs. V. D. Benedict, Mr. and Mrs. J. C. Wylie, Mrs. James Walsh; Misses Muriel McMurray, Maxine Alsopch, Harriet McLean, Sarah Elizabeth Annan, Vivian Shackelford, Sarah Mable Hurd, Anita Jean Smith, Claire Keller, Helen Walters, Eleanor Virginia Cowan, Elizabeth Cunningham, and Sarah Cooper, James and Boyd Cooper, Charles and William Leely, Richard Crawford, Howard Stofor, William Foster and Lewis Mahla.

During his three years and eight months service as pastor here, Reverend Smiley has received 410 new members into the church, to date. Charles Waters was ordained as deacon and Harry Stock as elder at the morning service yesterday. D. C. Nelson, who recently resigned as Sunday School superintendent after 25 years service, was presented gifts by the primary, junior and adult departments at the Sunday School session. Douglas Torrance at that time was installed as superintendent.

## GRANT GARRETT, 62, IS VICTIM OF APOPLEXY

Funeral Services Will Be Held at Calvary Church Tuesday Afternoon

Grant Garrett, 62, died of apoplexy after a two-days illness at 12:05 o'clock Saturday noon at his home, 630 Lee-st. Funeral services will be held there at 1 o'clock Tuesday afternoon and at 1:30 o'clock at Calvary Evangelical Church with the pastor, Rev. Clinton I. Allen, in charge. Burial will be in Marion Cemetery.

Mr. Garrett was born in Vinton, O., March 6, 1865, and was the son of Mary Lowell Garrett, originally of Rowville, O., and William Garrett, a native of Zanesville. He is survived by one sister, Mrs. C. M. Walters, at home, and two brothers, Lincoln Garrett, Kent, O., and Sherman Garrett, Cleveland.

7 GALLONS SWP HOUSE PAINT EQUALS 25 GALLONS -CHEAP- PAINT

7=25

If you buy one quart of good milk and add one quart of water—you have two quarts of liquid, but not two quarts of milk.

It's the same with paint. Certain expensive pigments are required to make the paint hard, fadeless, glossy and long lasting. If the manufacturer takes the pigments that belong in one gallon, distributes them among several gallons, and makes up the difference with cheap fillers—you still get only a gallon of real paint even if you did buy several gallons of so-called paint. This dilution of quality also makes those "cheap" paints wear out quickly.

Therefore—don't compare paints on the basis of price per gallon! Figure the cost per square foot of coverage and per year of service.

## How to estimate actual costs

For instance—Sherwin-Williams SWP House Paint—the finest money can buy—covers 360 square feet per gallon, two coats. "Cheap" low grade paint covers 250 square feet per gallon, two coats. Therefore, it takes at least ten gallons of "cheap" paint to cover as much as seven gallons of SWP.

In addition, SWP lasts 2 1/2 to 5 times as long as "cheap" paint. Multiply ten gallons by 2 1/2 and you see that you need twenty-five gallons of "cheap" paint to go as far and last as long as seven gallons of SWP!

Which is really cheaper? Which will you buy?
